| ❖ Long Line Audit | Dr Aung Soe |
| ❖ Diabetes Insipidus | Dr Tanoj Kollamparambil |
| ❖ Neonatal Ascites | Dr Ameen Siddiqui |

**All welcome
Refreshments will be provided**

Directions to the Oliver Fisher Neonatal Unit, Medway Maritime Hospital from M25

- M25 to Dartford Tunnel exit.
- Take A2 coast bound.
- Leave the A2 just before it joins the M2, following the road heading towards Gillingham.
- Head towards the Medway Tunnel. Leave the tunnel road immediately after it passes through the tunnel.
- Turn right into Dock Road.
- At the second roundabout, turn left down Wood Street and then Brompton Road. There is a large swimming pool (Black Lion Sports Centre) on your left and shortly after this you need to turn right into Marlborough Road. Follow Marlborough Road right to the top and this takes you straight into the rear entrance to Medway Maritime Hospital. Follow the road right round and follow signs to Visitors' Car Park.

Alternatively, if you are coming by train, the best route is from Victoria, where the trains leave at 5 past and 35 minutes past the hour. The journey takes about 50 minutes. You need to come to Gillingham Station, which is the stop after Chatham. The hospital is about 20 minutes walk (5 minutes by taxi) from the station.

---oooOooo---

The Oliver Fisher Neonatal Unit is on Level 4, Green Zone. You can enter the hospital at ground floor level through the Sunderland Day Hospital entrance, follow the corridor through to the lift which will take you to Level 4 and the Unit entrance is immediately to the left of the lift. Alternatively come into the main entrance of the hospital on Level 2, walk straight through to the 'crossroads' of corridors, turn left, continue through to the atrium and take the lift from Level 2 to Level 4.
